This year, we are introducing a new kind of 'EarthDay'. After decades and decades of 'earth days', no meaningful climate action has been taken by ANY government in so-called 'developed' nations.

This year, we are officially done with the #greenwashing of this yearly occasion! From this year forward, #April22 shall be known as "Earth-CRISIS Day", to put the spotlight on the dire urgency of the climate crisis.

You are invited to join us on this EarthCRISIS Day, April 22, to gather in community and focus our hearts and minds on the state of our planet and what needs to be done.

Together with our partner organizations, we will be holding multiple events across the city, so MARK YOUR CALENDARS!!!

This will be a family-friendly event!! It will be safe and open to rebels of all ages, 0-100+, with activities for everyone of any age or ability. Bring your friends and love ones!

Stay tuned for details, and please contact us if you are interested in contributing to the event!

And feel free to share this far and wide!!

Love and rage 🌍🌱🔥
